ABOUT US

DFS quality and food safety are integral parts of each individual process step. The products are manufactured along the High-Care principles whereby the Food Safety Act is obeyed. DFS tailored to the customer's requirements and market needs.

We have therefore BRC, ISO, HACCP, GMP and other quality and safety systems in place. Should we have raised your interest, we cordially invite you to contact us.

FROM FIELD TO FORK APPROACH

HARVESTING THE BEST TOMATOES SUITABLE FOR THE PRODUCTION PROCESS RESIDUES & MINIMUM DAMAGES

The result of DFS Food Company is not by a chance!

DFS Food Company determines its own tomato planting areas and prices.

Approved farmers considered priority are sought to grow tomatoes.

Furthermore, new farmers and new fields are evaluated.

Contracts are also signed with the evaluated farmers.

WHAT MAKES THIS PLATE SPACIAL

Is What's Behind

STRICT QUALITY MANAGEMENT

After years of investment, development, and improvement we build 'High Care' Production lines.

In short, it means we operate with High Tech machinery & principles and work with a team of professional and dynamic employees
